

Praveen Chaubey

B.Tech CSE Student | Aspiring Software Engineer

+91-6306951829 | chaubeypraveen1402@gmail.com | Uttar Pradesh, India | linkedin.com/in/praveen-chaubey06

PROFESSIONAL SUMMARY

Detail-oriented B.Tech Computer Science & Engineering student (2024 – Present) with a CGPA of 7.5, passionate about building efficient and scalable software solutions. Proficient in Java, Python, JavaScript, HTML, CSS, SQL, and MySQL with hands-on experience in full-stack web development and database management. Developed real-world projects including an AI Prompt Generator and Crime Reporting System. Actively seeking internship opportunities at MNCs and product-based companies to apply technical skills and contribute to impactful solutions.

EDUCATION

B.Tech – Computer Science & Engineering <i>SHEAT Group of Institutions CGPA: 7.5</i>	2024–Present (Pursuing)
Senior Secondary – CBSE (Class XII) <i>Asian Public School</i>	2023 – Completed
Secondary – CBSE (Class X) <i>Asian Public School</i>	2021 – Completed

TECHNICAL SKILLS

Programming Languages: C, C++, Java, Python

Web Technologies: HTML, CSS, JavaScript

Database: SQL, MySQL

Tools & Platforms: Git, GitHub, VS Code, MS Office

Soft Skills: Problem Solving, Communication, Teamwork, Time Management, Adaptability, Leadership

PROJECTS

AI Prompt Generator - Developed a web-based AI Prompt Generator that creates optimized prompts for various AI models using Python and JavaScript. - Implemented dynamic prompt templates allowing users to customize tone, context, and output format for different use cases. - Integrated frontend with HTML, CSS, and JavaScript for a clean, responsive user interface across devices. - Applied natural language processing concepts to improve prompt quality and relevance of AI-generated outputs.	2024
Crime Reporting System - Developed a full-stack crime complaint registration and tracking system with database integration. - Integrated MySQL for secure storage and retrieval of complaint records using CRUD operations. - Applied user authentication to ensure data integrity and access control. - Created intuitive web interface for filing and tracking crime reports efficiently.	2024
